## BIOGRAPHY

Raul Colon's talent stretches across several genres of storytelling. He has always been drawn to Drama and Action movies, but his narratives run the gamut. After attending Roberto Clemente Academy, his beloved mother, Lucy, encouraged him to follow his dream and pursue his passion of filmmaking.

He quickly turned his talents to writing, and then filming his own stories. His gritty style draws you into the action up close and personal, making his films an interactive experience. Raul has already completed the movies.

A Cartel Story, Jen, Sam Baker, The Purge Anarchy Chicago, Black Coffee, and he is currently directing Michael Madsen Retrospective: American Badass. Raul never rests on his accomplishments, he is always writing his next story, and planning his next adventure for the screen.
