

Objective summary

Highly motivated, strategic goals driven **Script Supervisor** seeks an opportunity to join your production team. 30+ years of military, and production management experience have sharpened my organizational & communication skills that will assist in preventing costly delays, reshoots, and distracting film flubs.

Skills

- Prepare, and share detailed Script breakdowns for shooting out of continuity during prep to ensure script story days align with key departmental filming schedules
- Support of Director and Actors during rehearsals, shooting, dialogue tracking, blocking, props consistency, and ensuring continuity between takes, and camera set ups.
- Create thorough detailed script notes for the Editor that will help to ensure the Director's editorial vision is maintained throughout the production.
- Strong communications skills ensuring continuity across crew and cast.
- Skilled in the use of Final draft, Microsoft and MAC operating systems, and script supervising software.
