### WORK EXPERIENCE

#### Freelance 1st Camera Technician and Focus Puller

📅 2002 - current 📍 New York, Los Angeles, New Orleans, Florida, Jamaica

- Works in conjunction with Director of Photography to assemble camera equipment packages, using state-of-the-art technology, to ensure optimal image quality.
- Manages and motivates camera department while ensuring we stay within identified budgetary markers.
- Excels under pressure in fast paced environment. Executing with attention to detail, while multitasking and problem solving to ensure we capture all assets.
- Physically manipulate the lens in each shot to create the focus where it's needed to tell the story. Requires excellent visual skills and hand-eye coordination as the team and I create the look, color, lighting and frame for every single shot.
- Worked alongside some very well known directors, cinematographers, and actors such as Spike Lee, Robert Richardson and Robert De Niro. These projects are larger productions with important deliverables and I strive to exceed expectations.
- Passed IATSE Local 600 test. Member of Camera Union since 2003.

#### Freelance Food and Lifestyle Photographer

##### Robyn Noble Photography

📅 2013 - current 📍 Florida

- Photographed my first cookbook, Belcour, in 2013 and fell in love with the synergy between food stylist and photographer to create mouth watering images that leave the reader wanting more. It became a passion, similar to my film career, but also an opportunity to create my own images and my personal mark on the world. I went on to photograph my second cookbook in 2014, My Goodness! Greens.
- Developed a niche for food photography and over the years have broadened my skills to capturing events, headshots and family portraits. This variety has allowed me to learn diverse aspects of the art.
- Apply my knowledge, film set experience and discipline to perfect my craft.
- Experienced working with clients such as Elevated Living, Woofgang Grooming and Bakery, Our City Magazine, Royal Palm Yacht and Country Club and the authors of three published cookbooks.

#### Film Prep Tech

##### Camera Service Center

📅 2001 - 2003 📍 New York, New York

- One of the largest rental house companies on the east coast for camera equipment, offering a paid program to assist future camera crew with technicality and networking.
- Supervised and organized the equipment for commercials, television series (including Sex and the City), and feature films.
- Assisted the camera personnel with prepping and ensuring all the equipment was in working order before it left the facility.
- Gained experience in repairing cameras across most major manufacturers.
