BAS – Film, Television & Digital Production – Miami Dade College  
Steadicam Gold Workshop Certified & Insured

---

**Objective** As a visual storyteller I have a passion to be behind the camera in a variety of ways. Having worked on films, scripted, reality television, and music videos my experiences have made me into a well-rounded and skilled operator. I believe I can bring a creative edge, along with the love of filmmaking, to confidently collaborate with others to achieve key individual and team goals.
